CM520 Electric Lifter

- 140kg Capacity, lifting height: 4900mm
- Compact and easily transported
- Safe, reliable, sustainable and low maintenance

CM520 Portable Lifter

- The CM520 portable lifter has the maximum lift height in the portable lifter range – being able to lift loads up to 4.9 meters.
- The CM520 is a larger lifter than the CM340 and comes with wheels.
- As with the CM340, the CM520 comes with a telescoping mast. Both models are operated with a variable speed trigger switch allowing fine positioning of the load in order to align with mounting brackets etc.
- The 4 adjustable legs, enable the CM520 to operate on uneven surfaces. One leg can be also be configured in a “squat” configuration to allow operation adjacent too walls.
- It is Ideally suited for the Air Conditioning and HVAC industry – both for installations and maintenance.
