AC-LOW-51-540 Low Profile Pallet Truck

CE

- 2000kg Capacity, fork width - 540mm
- Easy to operate
- Safe, reliable, sustainable and low maintenance

Low 51mm hand pallet truck (2T/540mm)

Low pallet jack, the min fork height only 51mm, great for special pallets.

AC type adopted the integrated casting process and the overall seal design, with the high-quality imported components for key parts, the pump cant leak even when the seal for pressure cylinder breaks.

All the piston rods are chrome plated, which makes them good enough in heat resistance and hardness.

Unlike the scattered parts, the pump valve core with the overall design is convenient for maintenance. With the overload protection on the valve, the pump cant lift when overloaded.

Warranty: 1 Year refer to the JIALIFT warranty terms and conditions
